Introduction
Logistics, transport and supply is all about moving people, goods and services around as efficiently and safely as possible. It can also include the sourcing, purchasing and procurement of services or materials. You could contribute to these areas in a number of different ways, from managing supply chains and operations to ensuring customers are satisfied with your company's service.

General Resources
ACT Travelwise
www.acttravelwise.org/home
Association representing local authorities, commuters and others interested in promoting sustainable transport.
